EDUCATION

2021-2024

- Bachelor of Science in Information Technology
- CGPA:9:50

SKILLS

- AngularJS
- Java
- Datastructure and Algorithm
- Servlets and JSP
- Hibernate
- Spring Framework
- Springboot
- RESTful API
- Spring MVC
- Microservice
- Spring Data JPA
- Spring Security
- Docker
- Kafka
- Kubernetes
- Helm
- RabbitMQ
- Git
- GitHub
- MySQL
- Mongodb

ACADEMIC PROJECTS

BANKING APPLICATION

- **Microservices Architecture**: Designed and developed a banking application backend with Spring Boot, MySQL, and a microservices architecture for Loan, Account, and Card services, integrated via Eureka for service discovery and Spring Cloud Config for centralized configuration.
- **Security & Resilience:** Implemented a Gateway Server with Keycloak for authentication, rate limiting, circuit breakers, and HTTP timeouts using Resilience4J to enhance system security and fault tolerance.
- **Event-Driven Architecture & Observability**: Leveraged Kafka for event streaming and RabbitMQ for asynchronous messaging. Integrated monitoring tools like Grafana, Prometheus, and Loki to centralize logs, metrics, and traces.
- **Containerization & Deployment:** Containerized services with Docker, deployed on Kubernetes using Helm charts, and ensured scalability and ease of deployment.

TRANQUILITY TECH

Frontend - Angular,Backend - SpringBoot,Database - mysql

- Developed a platform providing internship opportunities,skill Test and web development services. The Website Features an -
- Internship listing, Quizzes, Authentication, Authorization ,Admin dashboard , Analytical and website development(service).

EASESCHOOL

- Developed a Spring Boot application with role-based access control (admin, user) following MVC monolithic architecture. Users can view
- their enrolled courses and profile; admins can manage courses, classes, and user-submitted contact information. Utilized Spring
- Data JPA for data persistence and Spring Security for form-based authentication. Implemented pagination for displaying courses,
- classes, and contact messages.

CERTIFICATE

- Java Data Structure And Algorithm
- Microservices with SpringBoot,Docker,Kubernetes
- Spring 6, Spring Boot 3, REST, JPA, Hibernate
